My username

When someone is saying unrespectful things
tell a adult and block them. If someone
is saying respectful things to you be respectful
to them as well. Always be respectful to
others.

My username

Be kind to others on the internet.

Don't send inappropriate messages or any content that can hurt someone's feelings or make them sad.

Don't put pressure on anyone.

Think about what you're saying on text or chat since there's always someone on the other side of the screen.

My username

Internet can be better by:

1. No bullying.
2. Never posting pictures of people without their permission.
3. Remembering that behind that screen there are people with feelings.
4. Treating people how you wish to be treated.
5. Being nice and never use bad words.
6. Helping people that are new to a game.

- Be kind to everyone and treat them how you would like to be treated, even if you don't know them.
- Apologize if you do something wrong.
- If anyone asks you any personal information block them, report them and tell a trusted adult.
- Never post anything about anyone without their permission.

Be brave, I know it's hard, but
stand up to the people that
may be bullying you online
as well as others. We are the
future to changing this, all
the games, media and
online education.

Be kind
